

Team Meeting Report 9/13/09

Our first all church meeting was held Sept. 13th at Midway College, Lexington Campus. Information packets had been made available and sent to all who were thought to be interested. Regrets were sent by twelve who were not able to attend. Everyone was ready to get to work so we broke into four teams. No one chose the Attract Team, which is pretty serious. The other teams were energized about getting better organized and making immediate plans. Team Leaders were selected. They will convene the teams for meetings and meet with the other Team Leaders to make general plans for the Gathering.

It was a great start! As new people join the existing teams and the Attract Team gets going, we are going to see increased activity and momentum. If you were not able to attend, please contact the Team Leader of your interest, or contact Don Vanzant.

It Is Time! Thousands of people in our immediate area have never experienced a church where Jesus is real and people get along. It is time for a church that is not focused on building a church kingdom, but interested in connecting people with Christ and with people.
